

Look Inside.™

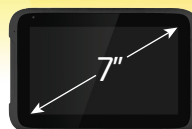

**The power within,
to set your world in motion**

7-inch high performance tablet PC

Android 4.0.4™ platform

The Android platform provides freedom, innovation and flexibility for all your mobile applications.

7" high resolution touchscreen

The wide 7-inch capacitive backlit multitouch display offers interactive icons, great apps and the best digital entertainment in full HD quality!

Micro SD card slot

A host of flexible storage options is made possible thanks to its integrated SD card slot, which allows you to install memories of up to 32 GB, and carry your entire music collection, photos and important files with you.... everywhere you go!

Shoot with confidence

The built-in dual camera with zoom means that you will never miss a photo opportunity ever again. This high quality camera is also capable of recording and viewing compelling videos, using the latest image formats.

Dual speakers

The Crypton adds a new dimension to your listening experience by delivering excellent sound, amplified through two high-quality speakers that are built into the device.

Apps for the workaholic, the entertainer and the socializer

With integrated email, full HTML web browser, and a host of multimedia and productivity applications, you can manage your meetings, set up alerts, enjoy your favorite tracks or videos whenever you feel the need for some inspiration, and also share what is going on with your world...in real time.

1.6GHz Intel processor

Pioneering performance starts with Intel inside. Experience the unique power to multitask, entertain or play seamlessly, in addition to enjoying sharp and vibrant visuals while promoting extended battery life and reliability.

Rechargeable lithium-polymer battery

The tablet features a 4100mAh lithium-ion battery that has a three-hour recharge time. It offers you approximately 4 days in standby, 20 hours of music and 6 hours of video when, when completely charged.
